Thalia Nelson

If "Eye" Only Had a Brain

Division: Physical & Mathematical Sciences / None

Category: Junior

Region: North Channel

City: Elliot Lake, ON

School: Our Lady of Lourdes French Immersion

Abstract: My project focuses on determining if there is a connection between right and left brain dominance, and right and left eye dominance. A brain dominance test was used to determine this. Students were also tested to determine their eye dominance.

Biography

My name is Thalia Nelson, I am a grade 8 student at Our Lady of Lourdes School (Elliot Lake) I enjoy swimming and playing volleyball. Some of my hobbies and interests are learning about new things, listening to music, and reading. At the 2006 Canada Wide Science Fair, I achieved a third place medal in my category.
