Ida-Marie Andersson

The human memory

Division: International / None

Category: Senior

Region: Sweden

City: Ronneby, Other

School:

Abstract: My project is about the human memory. The project consists of three parts. I have become ingrossed in how the human memory works and how you can improve it with different techniques. I also did a memory test and checked if a specific memory technique could improve the memory.

Biography

My name is Ida-Marie Andersson and I'm 19 yeras old. I live in a small town, called Ronneby, in the south of Sweden. I study natural science and I will finish the education in June. On my sparetime I swim and my special is butterfly. My goal is to qualify to the national championship in Sweden. I also play the trumpet, I play in a youth orchestra and in a sextet. My plan for the future is to become a veterinary surgeon.
