

CWSF 2008 - Ottawa, Ontario

Jory Smallenberg

Do you know what you're drinking?

Division: Engineering & Computing Sciences / None

Category: Junior

Region: Fraser Valley

City: Abbotsford, BC

School: Chief Dan George Middle

Abstract: The purpose of my project was to find out, in general, which drinking water is the 'best'? I tested several different drinking waters, such as bottled and tap waters, for taste with 60 testers, young and old, and for pH, conductivity, E coli and total coliform. Clearbrook WaterWorks won 1st place, 69% avg. taste, fairly neutral pH levels, no E coli, coliform, and low conductivity.

Biography

Hello! My name is Jory and I'm a grade seven student in the province of British Columbia. I play three instruments (piano, drums and flute) and am fluent in both french and english. My goal in life is to visit every continent, including Antartica, and even every country in the world, if possible! I like to live life for the moment and try to be the best possible person that I can be. I am very outgoing and am involved in public speaking, track and field, sports teams, band, volunteering, babysitting, hiphop, church activities, piano lessons, and, as you can see, science fairs!
