Trenton Chard

Catch The Heat

Division: Health Sciences / Environmental Innovation

Category: Junior

Region: Fraser Valley

City: Abbotsford, BC

School: Clayburn Middle School

Abstract: ABSTRACT: My purpose is to improve a project that I made last year. It is a lightweight, portable back warmer, made of reflective material to use the heat from a campfire to keep your back warm. It is easy to assemble and can be used and enjoyed almost anywhere.

Biography

I am a grade 7 Student at Clayburn Middle School in Abbotsford, B.C. I enjoy cross-country, basketball, volleyball, track and field, baseball and speed skating. This last February, I was able to qualify for BC Winter Games and had the opportunity to compete and represent the Fraser Valley for speed skating. I recently represented my school at the District level for public speaking. I enjoy band and I am looking forward to going on a school band trip to Nelson, B.C. I really enjoy camping, fishing and hunting, especially around the Bowron Lake and Barkerville area of B.C..
