

CWSF 2008 - Ottawa, Ontario

Zamir Merali, Ryan Willick

Go With the Flow

Division: Life Sciences / None

Category: Senior

Region: North Bay

City: Corbeil, ON

School: West Ferris S.S.

Abstract: We have created an alternative for needles and syringes. By pulsing electricity through skin the skin develops pores. The pores act as a pathway that allows a liquid to be forced through. The method is painless and significantly safer than needles because the pores that our machine makes close withing 10 minutes.

Biographies

Zamir - I was born in Mattawa, Ontario. My parents immigrated to Canada from Kenya and Tanzania shortly before i was born. I am in grade 12 right now and enjoy running and some sports. I plan to attend the university of Guelph in their bachelor of science program.
Ryan - My name is Ryan Willick. 16 years old, live in Corbeil, Ontario, Canada. I go to West Ferris Secondary School. I play on the Senior Trojans football team. I am also on the FIRST robotics team 1114 from Governor Simcoe Secondary. I have been on many types of robotics teams for about 4 years now. I have several regional win medals, a chairman's award medal, and several engineering inspiration medals. When i finish high school i plan on going further in either a science career of architectural career.
