

CWSF 2008 - Ottawa, Ontario

Andy Desautels, Derek Scherle

Riptide-Rush

Division: Life Sciences / None

Category: Junior

Region: Qu'Appelle Valley

City: Regina, SK, Emerald Park, SK

School: White City

Abstract: Our project was to create a lifestyle energy drink. This drink does not contain any unnatural products, just fruits and herbs. We made three variations and tested them on grade 8 students. We recorded the data and compared drinks. Overall, we proved that a natural energy drink is possible to make. Our hypothesis was successfully proven and our project provided impressive results.

Biographies

Andy - My name is Andy Desautels. I am 14 years old and attend White City School. Some of my interests include sports such as hockey, baseball, basketball, volleyball, track and field, and wakeboarding. Some other things I enjoy doing outdoors are snowmobiling and dirt biking. Other interests of mine are hanging out with my friends, watching sports on t.v., and spending time at the lake with my family. My favorite subjects in school are social studies, physical education and science. My post secondary plans are to pursue a career in hockey and then attend university to become either a doctor or a police officer.

Derek - My name is Derek Scherle, I am a grade 8 student, a junior, attending White City School. Some sports teams I am on are basketball, football, volleyball, track and field, and soccer. Over summer I enjoy playing sports, camping, swimming, watching the Saskatchewan Roughriders. Over the winter I like to snowmobile, snowboard and play sports. My favorite subjects in school are math and social studies. My post secondary plans are to become a firefighter, join the police force/RCMP, or become a teacher.
