City: La Ronge, SK

School: Churchill Community High School

Abstract: We tested the following laundry stain removers: Bio 4, Shout, Spray' n Wash and Action 1 to see which works best to remove oil, margarine, mustard, ketchup, and coffee in two different temperatures of water (10C and 45C). We added scrubbing motion to 3 of the stains, and tested 2 types of material, 100% black polyester and 100% white cotton.

Awards	Value
The University of Western Ontario Scholarship Bronze Medallist - \$1000 Entrance Scholarship Sponsor: University of Western Ontario	\$1 000
Bronze Medal - Physical & Mathematical Sciences - Intermediate Sponsor: Encana Corporation	\$300
Total	\$1 300
