

CWSF 2008 - Ottawa, Ontario

Kaylyn Bernard, Gavin Cremo

Northern Lights

Division: Engineering & Computing Sciences / None

Category: Junior

Region: Mi'kma'q First Nation

City: Whycomomagh, NS, whycobah , NS

School: We'koqma'q First Nation Secondary School

Abstract: Our project is about the Northern Lights. It consists of information on things such as: what causes them, myths and legends, what the different colors and shapes represent, where you can see them, pictures, etc. We have also included experiments that demonstrate the magnetic field of the earth and the Northern Lights.

Biographies

Kaylyn - My name is Kaylyn Jean Rose Bernard and I am 12 years old in Grade 8. I go to the We'koqma'q Secondary School. I love animals of any kind and love to eat good food. My hobbies are playing around outside, playing with my pets and playing floor hockey. I have been playing ice hockey for 4 years. I am also on a hockey team called the Cape Breton West Blues which won Provincials this year and I also play girls fastpitch softball. I made it to the softball nationals last year and won 2nd place, then won Provincials. I have went to the Regionals every year of my school life and being succesful with winning 1st place except for Grade 3. I love my fa...

Gavin - My name is gavin cremo and i am from whycobah NS and i am in grad nine student wfns and i play hockey ,baceball , i like to be outside and i like sports . MY perents name are karen, tiny cremo they are from whycobah and i think thats all about me the end
