

## CWSF 2009 - Winnipeg, Manitoba

### Garbage in... Not Garbage Out

**Division:** Engineering & Computing Sciences / Environmental Innovation

**Category:** Junior

**Region:**

**City:** ,

**School:**

**Abstract:** After attending the Spokane Washington Waste to Energy facility, I investigated incineration as an alternative to land-filling of municipal solid waste from environmental, health and economic perspectives and explored ways that by-products of incineration could be used.
