Reanna Cameron, Leah Derksen

Talking Hands

Division: Physical & Mathematical Sciences / None

Category: Junior

Region: Northern Manitoba

City: Thompson , MB, Thompson, MB

School: Deerwood School

Abstract: In this project we tested people to see if there is a correlation between hand and body movements, personality type and gender. Subjects completed a survey to determine personality type, then answered two verbal questions during which gestures were recorded. We found the category that correlated best with gender was tapping movements and the category that correlated best with personality type was general body movements.

Biographies

Reanna - Hello, my name is Reanna Cameron. I attend Deerwood Elementary school. I was born and raised all my life in Thompson MB. I attend a few groups in Thompson here, one of them being the local ringette team and the other being a pathfinder group. I am also in a choir group. I am the youngest of 4 kids and am the only girl. I love to socialize and hang around with my friends.

Leah - Hi, my name is Leah Derksen. I'm 13 years old and am in grade 8. I attend Deerwood elementary school. I'm in band and choir. I have been in band for 3 years and play trumpet. I have 1 sister(older).
