

ESPC 2009 - Winnipeg (Manitoba)

Victor Kloeze

Goderich Sustainable Home

Division: Sciences de la santé / Innovation environnementale

Catégorie: Sénior

Région: Avon Maitland-Huron Perth

Ville: Goderich, ON

École: Goderich District Collegiate Institute

Sommaire: The Goderich Sustainable Home is designed to passively reduce the energy expenditures of an average family in my hometown of Goderich. The home is designed to utilize many different sustainable techniques, but several unique modifications of these techniques have been made to increase their effectiveness.

Biographie

I am a student in my second year of Grade 12 at GDCI. I have been heavily involved in school activities throughout my time in Secondary School; most notably, I have been the Student's Council President, which meant that I was responsible for organizing school activities and participating in community meetings. I have also been a lead member of the Drama Club for my entire time in Secondary School, and been a set designer for several years. I am attending University of Waterloo for Planning in the fall, and hope to end up in the field of sustainable development and housing.

Prix
