

ESPC 2005 - Vancouver (Colombie-Britannique)

Joey Bliska, Jessie Dyck

Memory

Division: Sciences de la santé

Catégorie: Junior

Région: Peace Country

Ville: Grimshaw, AB

École: Holy Family School

Sommaire: We tested the memory of 90 students (45 boys, 45 girls) using a memory box that had 15 household items. We also researched information about the temporal lobe, the rest of the brain, and how the brain works.
