

## ESPC 2005 - Vancouver (Colombie-Britannique)

### Graham Briggs, Jared DeMarchant

#### Wheat Burner

**Division:** Génie et sciences de l'informatique

**Catégorie:** Junior

**Région:** New Brunswick

**Ville:** Lindsay, NB, Jacksonville, NB

**École:** Woodstock Middle School

**Sommaire:** Our hypothesis was to see if diseased wheat (infected with a fungus) could be used as a fuel. We built a stove to burn the wheat. We did two experiments - burning wheat and burning wood pellets.
