

CWSF 2009 - Winnipeg, Manitoba

Stacey West, Eleanor Eagle

Fear Factors

Division: Life Sciences / None

Category: Junior

Region: Manitoba First Nations

City: Amaranth, MB

School: Isaac Beaulieu Memorial School

Abstract: A survey was created, and given to students from grades 4 to 9. We analyzed the surveys and collected data about fears and how they change with age. We also collected information about how students developed their fears. The study was then extended to include grades 1 through 12, using more detailed surveys exploring how fears are developed.

Biographies

Stacey - ALLRIIIGHT, My name is Stacey West, I'm thirteen, I have blonde hair and blue eyes.. and I like chocolate. My hobbies include going on the internet, and playing my Wii. My interests are dogs, computers, and video games! My career plan is to become a animal doctor. My favorite community activity is going to Becky Kew's Good News Center. My best achievements would include winning the highest academic two years in a row, and the second would be making it to this science fair. My most notable experience would be learning that my sister was pregnant with my AWESOME niece Sophia.

Eleanor - Hello my name is ELEANOR EAGLE I'm fourteen years old I'm in grade eight I go to ISACC BEAULIEU MEMORIAL SCHOOL in SANDY BAY . My favorite subject is science. My community activities include going to Becky Kew's GOOD NEWS CENTER we hang out there after school we play pool,fooz ball,ping pong,and much much more. My hobbies are cleaning up. I like playing outside in the summer time and swimming a the lake. My family is the most important part in my life I love them all very much. My school activities are playing soccer,basketball,and baseball. When I grow up I want to be a police officer or a doctor. In third grade I won good attendance, in sixth gr...
