

## CWSF 2009 - Winnipeg, Manitoba

## Biography

My name is Gary Kurek, I was born and raised in the rural community of Bonnyville Alberta. I am in grade 11 attending Bonnyville Centralized High School. A few of my interests include science, fitness, politics, history, sports, and the arts. Many of my science related accomplishments include 4 CWSFs (including 2009), an Alberta Science and Technology Award, Press conferences with Albertan government and business leaders, and recognition of my inventions from some of Canada's leading medical researchers. I enjoy fitness and health very much. I exercise almost 2 hours every day and when I was 15 I successfully developed effective natural treatments for people suffering from weight issues and severe acne problems. I enjoy music and the arts and have taken lead roles in 3 musical productions. I have been in dance for a few years and enjoy singing as well. I participate in volleyball, basketball, rowing, and track. I love breathtaking scenery and the world's natural beauty, it is a great way for me to relax and relieve stress. In the future I aspire to be an engineer or physician and plan to invent helpful products and run a company. I also have a strong interests in politics.

## Multi-Functional Mobility Aids: Improving Mobility, Autonomy and Efficiency

Division:	Health Sciences / Automotive
Category:	Senior
category.	Senior
Region:	Edmonton
City:	Fort Kent, AB
School:	Bonnyville Centralized High School
Abstract:	This project focuses on the development of 2 novel multi functional mobility
	aids aimed at improving mobility, autonomy, and independence for the
	physically disabled. These innovations, one being a walker/electric
	wheelchair hybrid, and the other being a multi functional manual/electric
	wheelchair, have been carefully designed and developed to outperform
	current mobility technology in areas like cost, weight, capacity, range per
	charge, turning radius, and aesthetics.
