

## CWSF 2009 - Winnipeg, Manitoba

### **Mood and Mobility in Multiple Sclerosis**

**Division:** Life Sciences / None

**Category:** Intermediate

**Region:**

**City:** ,

**School:**

**Abstract:** The purpose of my science project is to see what the effect of a combination of a 1000mg dose of Vitamin D and 2 -600mg capsules of Omega 3, 6 and 9 [60% active ingredient] daily will have on the mood and mobility of 3 patients with Multiple sclerosis compared to a control person who does not have the disease.
