The Green Effect

Division: Physical & Mathematical Sciences

Category: Intermediate

Region: East Kootenay

City: Fernie, BC

School: The Fernie Academy

Abstract: My invention is called, The Green Effect. It's a car design that can be applied to almost any car on the road today. Along with a car design I also designed and built a small replica of the exhaust disposal green houses that could be used.

Biography

My name is Luke Gould-Hawke. I live in Fernie BC, a small tourist town in the Kootenies. In the future I plan to become a veterinarian and have always enjoyed science fairs, even if they can be stress full at times. My main interests are in the sports that Fernie is most popular for like skiing, mountain biking and rock climbing. i have achieved honour roll in my school of the Fernie Academy and won awards in science fair many times.
