Jorrie Cull

Jorrie and the Beanstalk and Aloe Vera

Division: Life Sciences

Category: Intermediate

Region: North Bay

City: Parry Sound, ON

School: Parry Sound H.S.

Abstract: I am experimenting with the growth and healing effects of Aloe Vera on other plants. To figure this out I will be using a variation of supplies, and growing seeds from Aloe Vera fillet or water. I will also be cutting pieces of the plant to see the external healing effects on Dieffenbachia and Umbrella plants.

Biography

I currently attend Parry Sound Highschool, grade 10 and am involved in various activities in and out of school. I am a member of the PSHS bands, Jazz and Concert, and play the Tenor Saxophone. My courses of interest include science, art, music, history and Ojibway. I am very creative and draw daily! I am a Volunteer firefighter in the McDougall Fire Dept. and have been certified in First Aid, CPR, Ice/Water Rescue, defensive driving and WHMIS. I have contributed volunteerism in my community by being involved with 'Art in the Park' and the 'Community Living of Parry Sound.' My future plans include attending University and acquiring a Ph.D in Sciences. Currently my priorities include Family, school and friends!
