

CWSF 2010 - Peterborough, Ontario

Litia Wilson, Christina Petluk

Toasty Peck Decks

Division: Life Sciences

Category: Intermediate

Region: Peace Country

City: peace river, AB, Nampa, AB

School: Glenmary School

Abstract: Our project, Toasty Peck Decks, are natural heating clothing using the water found in seeds to heat clothing such as bras, toques, mittens and socks. We created this project because we live in northern Alberta where it's not uncommon for it to get to -40 and numb your fingers and toes. 'Toasty Peck Decks' fixes this.

Biographies

Litia - i take part in the school basket ball 'A' team but i am currently active in the community sport rugby. i am a very athletic person i swim competitively with the peace river porpoises summer swim club and have earned myself many metals of the gold and silver variety. i travel a lot. i am a honor roll student, i am looking for a job but in the summer i used to work at the MCW bee farm and the st isidore co-op to do inventory. in the future i want to work in a salon and be a beautician. i used to take part in band and one of my notable experiences was when we went to lethbridge and toured around there.

Christina - I was born in Peace River, Alberta but raised in Nampa, Alberta. I was a member of the junior high basketball team for the last two years . My favorite classes are art and science. I am planning to study Marine Biology when I graduate and I'm currently working on applying to private school in Victoria, BC called Pearsons' college . In 2009 I was awarded student of the year for grade eight. I have received honor roll on every report card since grade seven. My other interests include scuba diving, fine arts and music (mostly of the rock genre). I study Zombology, I live by the teaching found in the 'Zombie Survival Guide' by Max Brooks. Oh, and...
