City: Taloyoak, NU

School: Netsilik School

Abstract: Being on the front lines of a global crisis, I like to try and be more environmentally friendly, so every year I like to choose a project with an environmental theme. I feel it's our chance as students to educate the public.

Biography

I love to play soccer, my team is the former defending champions for our region. I also love to read. I participated in Northern Youth Abroad this summer, which was so awesome!
