Abstract: My name is Onahsakenra Montour; I am a Mohawk from Kahnawake, Quebec. My project will focus on the issue of Dumpsites in Kahnawake and the effects it has on drinking water. I will be discussing the importance of the environment to First Nations people. I will also discuss the current drinking water systems in Kahnawake and the damages that this dumpsite has produced.

Biography

I am a 14 year old Mohawk from Kahnawake, Quebec. I am the oldest grandchild in my family. I follow traditional ways which includes the preservation of Mother Earth. I would like to travel to the Egypt and I would like to be an environmentalist.
