Bugs in a Bag

Division: International

Category: Junior

Region: East Parry Sound

City: Magnetawan, ON, South River, ON

School: Land of Lakes Senior P.S.

Abstract: People are using reusable shopping bags to help the environment by decreasing the use of plastic single use bags. For our project, we compared reusable bags to single use bags to see if they were contaminated with bacteria before and after use. Our results showed that using reusable bags may not be as good for the consumer as they believe.
