

## CWSF 2011 - Toronto, Ontario

## Forrest Tower, Ashley Anderson

## **Applications of Biofuel Technologies in Third World Countries**

Challenge: Innovation Category: Senior

Region: Central Interior British Columbia

**City:** Prince George, BC **School:** Westside Academy

**Abstract:** Applications of Biofuel Technologies for Third World Countries created an

anaerobic digestion biogas system. This system was designed to produce an alternate, renewable fuel for cooking and producing light in third world countries. The biogas system was created using parts that are locally

available in third world countries such as Honduras.

## **Biographies**

Forrest - Forrest Tower was born in Prince George, BC on July 28, 1994. He lived there until the age of one, when he moved with his parents to Saskatoon, Saskatchewan.
