Abstract: I burned five different types of wood; balsam, birch, cedar, fir and pine for one minute to see which burnt the hottest. I did this to help save people money, time and to even contribute to helping the environment and firefighters.

Biography

Every year I have received work ethic and principals list with my report cards. I participate in sports such as curling and dance. I do three types of dance: ballet, jazz and tap. I enjoy hobbies like card making and especially scrap booking. This is my first science fair and am very excited to partake in it.
