

ESPC 2011 - Toronto (Ontario)

Louisa Morin

The "Dish" on Bacteria

Défi: Santé

Catégorie: Junior

Région: Northern Manitoba

Ville: Flin Flon, MB

École: École McIsaac School

Sommaire: There were two parts to this project. Part A tested 4 different types of dishwashing materials for bacteria. Part B involved 4 different cleaning methods of each dishwashing material, to see which would reduce the bacteria most effectively.

Biographie

Hi! my name is Louisa Morin. I am in Gr.7 and live in Flin Flon, Manitoba. Some of my favorite activities are drawing, shopping, singing, and playing sports, such as badminton, volleyball, skiing, and basketball. I am also really into music and play three instruments such as clarinet, piano, and guitar. Some of my favorite subjects in school are math, and band. My goal is to be a photographer when I get older, as I love taking pictures. I am thrilled to have the opportunity to go to the Canada Wide Science Fair this year in Toronto.
