Taylor Whitehead

The Power of Music

Challenge: Environment

Category: Junior

Region: Sunset Country

City: Fort Frances, ON

School: J.W. Walker E.S.

Abstract: My project was to see if playing music for plants could help them increase their growth rate to a higher speed. I used 3 plants and one listening to classical music, the other listening to Rock music and the last one listening to no music for 20 minutes a day after one week.

Biography

My name is Taylor Ryan Whitehead and i was born on September 22nd 1998 and im 12 years old right now. My favorite sport to play is badminton and i will be goin to the badminton nationals in Richmond, B.C. on May 2-7 for a great competition. My hobbies are to play games, play many types of sports, and getting to know other people. I'm a nice person and i'm really looking forward to this national science fair.
