Germination Determination

Division: Life Sciences

Category: Junior

Region: Frontenac, Lennox & Addington

City: Napanee, ON

School: Odessa Public School

Abstract: I designed and conducted an experiment to study how growing conditions affect the growth of plants from seeds. My experiment evaluated the effects of seed type, sowing depth, water type, type of light, and fertilizer on time to germinate, growth rate, and appearance of plants.

Awards	Value
Honourable Mention - Life Sciences - Junior	\$100
Sponsor: Pfizer Canada	
Total	\$100
