

## CWSF 2005 - Vancouver, British Columbia

### Lauren Gillis

#### An A"Maize"ing Plan for the Planet

**Division:** Earth & Environmental Sciences

**Category:** Intermediate

**Region:** Strait

**City:** Port Hawkesbury, NS

**School:** Strait Area Education and Recreation Centre-SAERC

**Abstract:** The One Tonne Challenge asks Canadians to reduce their greenhouse gas emissions by one tonne. The purpose of my project is to discover how large of an area of corn would be needed to fix one tonne of carbon dioxide.
