Taking Apart the Wiring of the Subconscious

Division: Health Sciences

Category: Junior

Region: Toronto

City: Toronto, ON, Scarborough, ON

School: Churchill Heights Public School

Abstract: This study involves research about subconscious processing in relation to past theories, cerebral hemispheres, corpus callosum, the limbic system, subliminal messages, mental illness, learning disorders, and more. Practical investigations of the subconscious and hypnopaedia were conducted. The research was linked and applications and future areas of research were identified.
