Brain Candy: The Influence Of Stimulation On Your Cognitive Brain Function

Challenge: Health

Category: Junior

Region:

City: ,

School:

Abstract: My project is an experiment with the following question; Which stimulation; music, reading, or video games boosts your cognitive thinking and brain function the most. I tested by letting my subjects do one of three activities and then take a test. I tested kids at my school as well as adults and the TELUS Spark Science Center in Calgary, Alberta. Thanks to everyone who helped!
