| Abstract:                                  | The use of local waste paper products for hydroseeding applications was<br>explored. Different mixtures with various waste paper products and seeds<br>were tested. The conclusion was a positive recommendation to use local<br>waste paper products. An added benefit was the reduction in greenhouse<br>gases due to the elimination of freight. |

| Awards   | Value   |
|--|---------|
| Albert Lapierre Award - Junior                             | \$500   |
| Sponsor: Canadian Council of Technicians and Technologists |         |
| The University of Western Ontario Scholarship              | \$1 000 |
| Bronze Medallist - \$1000 Entrance Scholarship             |         |
| Sponsor: University of Western Ontario                     |         |
| Bronze Medal - Engineering - Junior                        | \$300   |
| Sponsor: Youth Science Foundation Canada                   |         |
| Total  | \$1 800 |
