Hailey Doucette

Who do you trust?

Challenge: Discovery

Category: Junior

Region: Southeast Alberta

City: Medicine Hat, AB

School: St. Mary's School

Abstract: For my project I posed the question, does your relationship with a person affect your trust level with them, and to test this I gathered volunteers with different relationships and tested their trust levels.

Biography

My name is Hailey Doucette, I am 14 years old and I attend St. Mary's in Medicine Hat Alberta. I enjoy acting very much and have been in many productions such as, The Little Mermaid, Annie, The Jungle Book, and The Aristocrats. After I have finished my education I would like to achieve a degree in fine arts and teach drama. My muse for this project was my older step sister, Keltie, who is a psychology major, ultimately I would like to continue this project and slightly tweak my variables. Finally, my advice to other students doing a project is to pick something you enjoy, because when you enjoy something you put more effort and take more pride in your project.
