

## CWSF 2014 - Windsor, Ontario

### **It's Ear-resistible!**

**Challenge:** Health

**Category:** Junior

**Region:**

**City:** ,

**School:**

**Abstract:** "Ear-resistible" is a project based on the Algonquin people's traditional healing and teachings. By rendering the fat from an otter's tail, I have been able to utilize the natural oil to use as a natural antibiotic to cure ear infections as our ancestors have been doing for centuries.
