## Uncovering The Truth About Coal Dust in South Delta

**Challenge:** Environment

**Category:** Intermediate

**Region:**

**City:** ,

**School:**

**Abstract:** "Uncovering the truth about coal dust in South Delta" investigates whether coal dust is making its way into residential communities, and tests suspected coal dust spots. It includes a survey to understand the concerns residents of South Delta have about coal dust in regards to their health, and mitigation responsibility as well as investigates the effects of coal dust on human and environmental health.
