Mia Pandolfo

Paediatric Chronic Pain Application

Challenge: Health

Category: Senior

Region: Sudbury

City: Sudbury, ON

School: Lockerby Composite

Abstract: To create and clinically test a smartphone application that creates ease for young patients to track and record chronic pain. It will be transportable and accessible. The pain application would track not only the pain, but other aspects of the patients' day hoping to find possible triggers to the pain.

Biography

My name is Mia Pandolfo, I am currently in grade 12. And this fall will be attending Laurentian University for a Bachelor of Nursing. My passion for science has translated into my future endeavors of becoming a doctor. Alongside my passion for science, I also enjoy extracurricular activities such as: reading, soccer, and other physical activities.
