Ivie Lock-Luttmer

Dead Zones

Challenge: Environment

Category: Junior

Region: West Kootenay & Boundary

City: Bonnington, BC

School: Trafalgar Junior Secondary

Abstract: I did a project on dead zones in waters of the world and their effects on our environment. I followed this topic with looking at our local lake, Kootenay Lake, to see if there are potential dead zone areas in fresh water lakes as well. I found out that our lake should serve as a warning to everyone that we need to act now!

Biography

My name is Ivie lock Luttmer, I am 12 years old and love soccer and going on the trampoline. I also love to go shopping and dance. I live with my mom in one house and my dads in another. I have ducks, dogs, cats, and chickens. I would like to have a career which needs a science background. My favourite subjects in school are science and gym. I hope that anyone reading this will chose to create a project to see how far you can go with it!
