

CWSF 2015 - Fredericton, New Brunswick

Meghan Russell

Colour Distinction

Challenge: Health

Category: Junior

Region: Sahtu

City: Tulita, NT

School: Chief Albert Wright School

Abstract: Trick your mind by quickly reading the names of colours in conflicting text colours. It can be difficult for your mind to separate the two tasks. My project runs time trails for this task.

Biography

My name is Meghan and I live in Tulita, NWT. My hobbies include basketball, soccer, volleyball, cooking, and spending time outdoors. When I'm older I want to be an RCMP. My teacher, Mr. Isherwood, helped me come up with my project. I would tell future students to keep trying to make their projects better.
