

CWSF 2016 - Montreal, Quebec

Alyssa van de Riet

Les enfants sales sont les enfants en bonne santé

Challenge: Health

Category: Senior

Region: Chignecto West

City: Shubenacadie, NS

School: Hants East Rural High School

Abstract: Un projet d'Immersion française en utilisant une enquête fondée sur l'information trouvée dans la recherche pour identifier comment certains facteurs peuvent influencer le taux de risque à développer l'asthme. Les facteurs qui étaient examinés incluent l'allaitement, avoir des animaux domestiques (0-10 ans) et d'être élevé sur une ferme (0-10 ans). Plusieurs groupes d'âge étaient examinés parmi 309 participants en totale.

Biography

I am a grade 11 student at Hants East Rural High in Milford Nova Scotia. I am a member of Student Council, Yearbook Committee executive and enjoy taking part in as many school activities possible. I also enjoy playing on the school volleyball team. I have a passion for all things Scottish, both being a competitive highland dancer as well as teaching twelve of my own students. I was a large part of the 4H community until last year, with my favourite activities being the Beef and Photography Projects. Music is a big part of my life and I am an avid singer and play the flute and piano. I live on a hobby farm where my mom's most prized possessions are her six llamas. I haven't determined where my studies will take me after graduation or what they will entail but I know for sure it won't be boring! This year I received the Lieutenant Governor award for my participation in school and community. I am very excited to be attending CWSF 2016 and I can guarantee that you'll find me wherever the action is happening!
