How To Maximize Your Concentration & Brain performance.

Division: Sciences de la vie

Catégorie: Sénior

Région: Renfrew County

Ville: Arnprior, ON

École: Arnprior District H.S.

Sommaire: This Health Study deals with maximizing a students' ability to concentrate and perform mentally. It recognizes three major aspects: Nutrition, Exercise, and Sleep. It also examines how different age groups perform within the four major learning styles: Number Sense, Reading and Writing Skills, Auditory Skills, and Visual Skills. General aspects of the hypothesis were proven correct and defended by currently accepted processes and/or data.
