Vitamin C - Amount and Stability

Division: International

Category: Intermediate

Region: Ottawa

City: Cumberland, ON

School: Colonel By S.S.

Abstract: Vitamin C, or ascorbic acid, is an important nutrient that humans must get in our diets because we don't produce it in our bodies, as many animals do. Iodimetric titration was used to determine amounts of vitamin C in various juices and whether heat and light would reduce this amount.

Awards	Value
