Madelaine Hall-Paradis

A Tool for Teaching

Challenge: Information

Category: Intermediate

Region: East Parry Sound

City: South River, ON

School: Almaguin Highlands H.S.

Abstract: Approximately 9% of Ontario students are identified as having a learning disability. These students can require additional support and time, which can make teaching more difficult. I have created a website that will allow teachers to virtually see their student and class profiles that include supports, visuals, accommodations, and teaching strategies for the learning-disabled students.
