Dook

Division: Engineering & Computing Sciences

Category: Senior

Region: North Bay

City: Powassan, ON, North Bay, ON

School: Widdifield Secondary

Abstract: Dook is a new revised oil boom, designed to catch oil in both fresh water and salt water. It can also be used as a filter for industrial pipes and filtration centers, a containment unit and as a skimmer. Hopefully, it will one day be used world-wide.

Awards	Value
Canadian Stockholm Junior Water Prize Sponsor: Canadian WEF Member Associations, the Canadian Water and Wastewater Association, and Jacobs	\$2 000
