

# CWSF 2019 - Fredericton, New Brunswick

## Madelaine Hall-Paradis

### A Screen Time Solution

**Challenge:** Information

**Category:** Intermediate

**Region:** East Parry Sound

**City:** South River, ON

**School:** Almaguin Highlands H.S.

**Abstract:** I saw how consumed people are becoming to their technology so I wanted to find a solution to alleviate this. The purpose of this project is to develop an app that helps parents manage their children's use of technology while still keeping the app cost-effective and non-task specific ,that is also easy to set up and navigate for parent usage.

### Biography

Hi, my names Madelaine Hall-Paradis and I'm a grade 10 student at Almaguin Highlands Secondary school. I live in the village of South River with my parents, sister, and dog Tessa. I enjoy spending time with friends, reading, travelling all things science and playing sports. I play on an all girls competitive hockey team called the North Bay Ice Boltz, I also do, crossfit, soccer, running, and waterskiing. For my project, I saw how consumed people are becoming to their technology so I wanted to find a solution to alleviate this. This is my third CWSF and I'm very excited and honoured to be here. My advice to anyone thinking about doing a project is to think of a problem you or someone you know faces and brainstorm possible solutions. The more passionate you are about your chosen topic the more successful you'll be.
