Frozen Plants

Challenge: Environment

Category: Junior

Region: Beaufort-Delta

City: Inuvik, NT

School: East Three Secondary School

Abstract: I studied would happen if i froze two plants but one had salt. I thought the plant with salt would survive the cold because salt lowers the freezing temperature of liquids but mold can form. I found that you can use salt to keep plants alive but only for a short time.

Biography

Hello my name is Race Vittrekwa_Blake I am 12 years old I was born and live in Inuvik NWT it is my first time doing the science fair I'm Gwich'in and Metis.
