Can we recycle? Yes we can!

Division: Sciences de la terre et de l'environnement

Catégorie: Junior

Région: Fraser Valley

Ville: Abbotsford, BC

École: Simpson Middle School

Sommaire: Two young environmentalists demonstrate to their School Board of Trustees that by implementing a recycling program in their District they would in fact save money. They would also redirect 1,086,684 kilograms of renewable resource material from landfill every year, benefiting their community and the environment.
