Abstract: My study explores, at the mathematical level, the mysteries of Prime Numbers and one of the most fascinating theories associated with them, the Goldbach Conjecture. Through a detailed investigation of the prospects and applications of a proof for the Conjecture, I am attempting to uncover why mathematicians have been fascinated with this concept for centuries.

Awards	Value
UBC Science (Vancouver) Entrance Award Senior Gold Medallist - $4000 Entrance Scholarship Sponsor: The University of British Columbia (Vancouver)	$4 000
The University of Western Ontario Scholarship Gold Medallist - $2000 Entrance Scholarship Sponsor: University of Western Ontario	$2 000
Gold Medal - Physical & Mathematical Sciences - Senior Sponsor: Encana Corporation	$1 500
Total	$7 500
