

CWSF 2006 - Saguenay, Québec

Andrew Fuller

Stairway to Energy

Division: Health Sciences

Category: Senior

Region: Niagara

City: Niagara Falls, ON

School: A.N. Myer S.S.

Abstract: My project is a set of stairs which produce electricity when someone goes up or down them. I have built a prototype which works however it is too large for the fair so a video of it will be shown on my laptop.
