

## ESPC 2006 - Saguenay (Québec)

### Julia Cole

#### Fixed Link or Fantasy

**Division:** Sciences de la santé

**Catégorie:** Junior

**Région:** Western Newfoundland

**Ville:** Bear Cove, NL

**École:** Canon Richards H.S.

**Sommaire:** This project examined the feasibility of building a fixed link connecting Newfoundland with Labrador and Canada. Research, study, and consultation led to the construction of models portraying the fixed link. This project demonstrates that a fixed link is feasible, functional and beneficial, in the form of an underwater, bored, tunnel.
