

ESPC 2006 - Saguenay (Québec)

Patrick Naylor

Which Toboggan is the Best?

Division: Sciences de la santé

Catégorie: Junior

Région: River East Transcona

Ville: Winnipeg, MB

École: Bernie Wolfe Community School

Sommaire: My project tested the speed, distance, braking effectiveness, and steering of six toboggans including a prototype that was built from materials from home. The prototype was the fastest and farthest. It did not brake the best or steer the best.

Prix	Valeur
Mention honorable - Génie - Junior	100,00 \$
Commanditaire: Fondation sciences jeunesse Canada	
Total	100,00 \$
