Vanessa Wick, Brittany Arts

A new Spin On Power

Division: Health Sciences / None

Category: Senior

Region: Southeast Saskatchewan

City: Weyburn, SK

School: Weyburn Comprehensive School

Abstract: Find a way to convert the wasted kinetic energy given off in the form of hot water at Shand Power Station or other generating power stations into useable energy for homes, as well as reduce the environmental damage caused by this hot water being released into the surrounding area.

Biographies

Vanessa - My name is Vanessa Wick. I'm in Grade 12 and 18 years old. I have a family that consists of five people. I have played many sports since I was little. The last six years I have played senior basketball, volleyball, and badminton at the Weyburn Comprehensive School and at St. Michael's Junior High. My favourite sport is softball or fastpitch. I have many accomplishments from sports including provincial titles to Western Canadian's medals. I have been playing for the concert band and jazz band at Weyburn Comp. School. I also enjoy singing, where I am in two choirs at the Comp. I also have been in 4-H for just over 10 years. I have mostly ...

Brittany - My name is Brittany Arts, I am 18 years old. I'm involved in many things, I'm a Cheerleader, I'm involved in my school's STARS show choir, and I'm part of the jazz band as well as concert band and grade 11/12 choir. I was in my school's drama production of Sleepy Hollow as well as a part of the musicals of Annie, Oliver, and Footloose over the past three years and I was part of a youth musical within the community. I sang with a group of four of my friends in music festival as well as sang a solo and receive certificates for both. My cheerleading squad has achieved two first places and a second place at our competitions this year. I am also i...
